Skyler Soto, MBA 14

Buyer
Target Corporation | Minneapolis, Minnesota

“After just a year [in the program], I saw a lot of change in myself and in my classmates. I was much more willing to take risks and to take the lead, to speak up and build my confidence. It was wonderful to see all of us growing into the people we wanted to be.”

THE FULL-TIME MBA EXPERIENCE

At the Center of Innovation

The San Francisco Bay Area is the world's leading producer of new thinking for the new economy. Finance, healthcare, venture capital, digital media, and more are being reinvented right here every day, and Berkeley-Haas is your backstage pass.

Access to Berkeley Strength

UC Berkeley boasts nearly 50 top-ranked graduate programs—and numerous opportunities for collaboration across disciplines. You might find yourself entering a startup competition with an engineer or partnering with scientists to bring a new clean technology to market.

A Transformational Experience

Build meaning as well as mastery. In the Berkeley MBA Program you not only grow your skills, you discover what rewarding work really means to you. As one student put it, "A lot of people go to business school to find a job, but you go to Haas to find your best self."

Student-Initiated Culture

At Berkeley-Haas, the diverse perspectives of your fellow students shape your learning. Your colleagues in this close-knit community launch courses, forums, and speaker series that explore everything from gender equity to "extreme leadership." What will your perspective bring?

Farah Dilber, MBA 17

Associate
McKinsey & Company | San Francisco, California

"I wanted a school where my nonprofit experience would be valued, and I wanted to feel safe to take risks—to make a major career change, to run for leadership positions. I came to welcome weekend and it just felt like home. And I was right."

OUR DISTINCTIVE CULTURE

Question the Status Quo

We lead by championing bold ideas, taking intelligent risks, and accepting sensible failures. We make a habit of asking, "What is a better way to do this?"

Confidence Without Attitude

We make decisions based on evidence and analysis, giving us the confidence to act without arrogance. We lead through trust and collaboration.

While the Haas School of Business develops leaders who redefine how we do business, these four Defining Principles embody both what we stand for and how we stand out.

Students Always

We know we always have more feedback to hear and more opportunities to grow—even at the peak of our careers.

Beyond Yourself

We are stewards of something larger than our own lives and careers. We take the longer view in our decisions and actions.

Pablo Garcia, MBA 16

Associate, Latin America Investment Banking
Goldman Sachs | Santiago, Chile

"The biggest ROI I could get from my MBA is having a positive impact and being engaged with teams of people who are passionate about what they do. I look forward to working with best-in-class companies that are socially and environmentally responsible."
