The Consortium for Graduate Study in Management

- REDWOODS
“This year, 4,132 candidates submitted an application for the full-time MBA program. In the end, the school selected just 284. In other words, there were 14.5 applications for every seat – a testament to Haas’ enduring popularity and rigorous selection process. So why do so many potential students hope to defy the odds for a coveted spot at Haas.

It comes down to one word: Culture.”
OUR DISTINCTIVE CULTURE

Question the Status Quo
We lead by championing bold ideas, taking intelligent risks, and accepting sensible failures. We make a habit of asking, “What is a better way to do this?”

Confidence Without Attitude
We make decisions based on evidence and analysis, giving us the confidence to act without arrogance. We lead through trust and collaboration.

Students Always
We know we always have more feedback to hear and more opportunities to grow—even at the peak of our careers.

Beyond Yourself
We are stewards of something larger than our own lives and careers. We take the longer view in our decisions and actions.

While the Haas School of Business develops leaders who redefine how we do business, these four Defining Principles embody both what we stand for and how we stand out.
