# OUR DISTINCTIVE CULTURE

---

## Question the Status Quo

We lead by championing bold ideas, taking intelligent risks, and accepting sensible failures. We make a habit of asking, "What is a better way to do this?"

---

## Confidence Without Attitude

We make decisions based on evidence and analysis, giving us the confidence to act without arrogance. We lead through trust and collaboration.

---

## Students Always

We know we always have more feedback to hear and more opportunities to grow—even at the peak of our careers.

---

## Beyond Yourself

We are stewards of something larger than our own lives and careers. We take the longer view in our decisions and actions.

While the Haas School of Business develops leaders who redefine how we do business, these four Defining Principles embody both what we stand for and how we stand out.
